CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

For the effective implementation of the curriculum designed by its university the institution observes following practices- Institutional Process: - Before the commencement of each academic year, all teaching faculties are informed in advance subjects for their teaching so as to facilitate effective preparation of it. Planning and Execution:-Before the commencement of the academic year, the academic planning is done in the meeting of staff members conveyed by the Principal and accordingly the academic planner is prepared. Time table is prepared and dates of commencement of academic session are communicated to students in advance. Academic planner provides the planning and organization of curricular, co-curricular and extra-curricular activities and their distribution among faculty in-charge. To motivate students, every academic year is inaugurated at the auspicious hands of legal luminaries, Judges of High court and Supreme Court. ? Induction program is arranged for students of first year so as to facilitate their absorption in the institution. Specific induction programs of activities such as placement, mootings are also arranged. ? Teachers, after preparing a well thought teaching plan, endeavors to execute it accordingly under the vigilant supervision of the Principal. Principal reviews the implementation of teaching plan as well as the coverage of syllabus in regular staff meeting and personal interaction. For facilitating the thorough understanding of subjects by students, various methods such as participative learning by conducting workshops, seminars etc or use of modern technology such as PPT are observed by the institution. Revision & Remedial lectures are arranged. Feedback of students and other stakeholders is taken, analyzed and acted upon. ? Continuous evaluation of the students as well as faculties is done through various measures. ? Some Important Institutional Initiatives- For effective delivery of curriculum the institution has adopted the teaching learning pedagogy comprising of participative and experiential learning methods such as debating activities, compulsory and optional internships, and visits to courts, jail and NGO, moot court competitions etc. ? Internships:- With the objective of giving practical experience to students, the placement Cell of the college provides internships to students in legal firms, N.G. O and family and district courts, government bodies such as National Human Rights Commission etc . For this purpose of providing internships the institute has collaborated with various law firms. Last year students of LL.B and B.SL.LL.B course are compulsorily required to do internship under the lawyer as a part and parcel of 'Practical Training Paper' ? Collaborations:-Institute has collaborated with many law firms and institutes

of repute. ? Center for Advanced Legal Research and Training:-To bridge the gap between the theory and practice, the centre for Advanced Legal Research and Training conducts various certificate courses which are designed to develop requisite skill set such as, 'Personality Development and Communication Skills', 'Litigation court practice and procedure', Legal Research, 'Crime Investigation and Trial', and Judicial Examination Foundation Course ? Developmental Initiatives:- For enriching the subject knowledge of faculties and to enhance the interaction among the peer group, various faculty development programs are arranged. To participate in conferences and seminars, faculties are given encouragement and financial aid. ? Updated Library: - The institution has a well equipped library to cater the needs of students.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?

(maximum 500 words)

Feedback Obtained

Feedbacks are the basic instrument of assessing the performance of the institution and understand the steps required to be taken for improving its efficiency. The quality parameters for evaluation are decided by the IQAC. The institution collects the feedback from its various stake holders such as students, parents, employer and faculties and alumni. Feedback about teaching learning process, overall experience with the institution inclusive of various aspects such as administration, admission procedure, and exposure to various curricular, cocurricular activities is collected. Feedbacks are collected through online and offline mode. In every semester feedback of the faculty regarding the teaching of the particular subject taught by him is taken from the students. This feedback helps to evaluate the performance of the faculty regarding various aspects such as use of ICT tools by the faculty, subject knowledge, communication skills, and punctuality i.e. in sum total the ability of the faculty to make the students understand the subject. After analysis of the feedback, the feedback is discussed in a meeting conveyed by the Principal and attended by the class teacher and academic coordinator. The feedback is communicated to concerned faculties. In case of a feedback below the minimum standard prescribed by the IQAC Cell, the Principal personally interacts with the faculty and ascertains the reason behind it. If required corrective action is taken and implemented after the discussion in IQAC meeting. Feedback from the alumni of the institution is collected and utilized for strengthening the relation between the institution and industry. Relevant suggestions from the alumni for the quality improvement of the institution are discussed and acted upon. Feedback from the faculty about the curriculum is collected and analyzed. Suggestions from the faculties for effective curriculum delivery are implemented systematically. For the purpose of effective curriculum delivery, various other initiatives such as conducting various certificate courses such 'Crime Investigation and Trial', 'Judicial Examination Foundation Course' are taken through the Centre for Advanced Legal Research and Training. The Placement Cell collects the feedback from the various employer/internship providers regarding the intern and the efficiency of the curriculum. The Placement Cell analyses the feedback, inform it to students and corrective actions are taken accordingly. The feedback of employers about the curriculum is communicated to the authorities in the University through meetings and personal interaction. Feedback of parents about the institution is ascertained through the parentteaching meeting. Through the personal interaction with them, the class teacher ascertains their opinions, understand their problems and try to provide the remedy. If required the matter is then discussed with the Principal and other faculties teaching that class. Feedback collected from the stakeholders about the curriculum is represented time to time at various levels during the syllabus setting and detailing workshops organized by the University and Board of Studies (BoS) meetings. Feedback about the quality and effectiveness of various activities such as workshops, guest lectures and moot court competitions, is also taken. The feedback collected is then analyzed and discussed and is utilized for organizing future programs. The Feedback analysis report is placed before the College Development Committee.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The Institution has an excellent mentoring system grooming the students in all the dimensions according to their interest and skills. The System is available to both Undergraduate and Postgraduate level. Faculty members are nominated by the Principal to each class wherein along with individual attention students' grievances are also resolved. Students can seek advice of their class mentor faculty in their academic and non academic problems. These mentors classify the issue into academic and nonacademic category. If necessary, class mentor faculty take the help of activity mentors such as Moot Mentor Faculty, Debate Society Mentor, Academic Research Mentor, Placement Mentor Faculty, etc to resolve the academic issues. If class mentor faculty finds it related to any specific course subjects, he/she forwards it to the subject expert. The class mentor faculty identifies that any issue is in non academic or related to the career counselling or stress management or psychological issues then he/she refers it to the official counselor of the Institute. Each class undergoes the Induction Programme every year at the starting of the odd semester to make students aware about the activities taking place in the college, to sensitize students on various committees of the college, to encourage students to participate in those activities. Mentors arrange the lectures, workshops and training programmes for the students. The class mentor faculties introduce the college and the activities to their parents also in the Parent Teacher meeting. The development of the student is analysed by the class mentor faculty and accordingly remedial lectures are arranged for them. The class mentor faculty with the help of Placement Mentor Faculty also arranges training sessions for English Proficiency, Personality Development, CV Writing, EMail Etiquette, Interview Techniques, etc. Senior students are also allotted the work of mentoring as per the requirement of mentee and the skills of mentor. The students of post graduation are given the task of providing the special lectures on the undergraduate classes as per the requirement and allocation by the class mentor faculty. The Academic Research Coordinator of the college always accommodates one Faculty Mentor, one Senior Student and one Junior Student on various research projects. In all the events organised by the college, the respective in charge faculty makes the group of senior students and junior students for the event management so that their bonding can be done. If the mentor comes to the conclusion that he/she needs any external assistance with the consultation of the Principal, he/she may take such aid in that case.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Institution has sound process of evaluating Institution, Teachers and Students. Internal Evaluation of the Institute: For better functioning and upgradation, the college has comprehensive, internal assessment mechanism. At Institutional level the college has College Development Committee (CDC) which is Responsible for taking policy decisions of the college. For evaluation purpose feedbacks are taken from different stakeholders of the college, which includes Faculty feedback, Student feedback, Parent feedback, Feedback of activities, Feedback from alumni. On the basis of feedbacks received from all, Feedback Analysis Reports is prepared which is placed before the CDC and IQAC for their suggestions and recommendations. Suggestions and Recommendations received from the IQAC and CDC are implemented to the earliest. Internal Evaluation of Teachers: For evaluation of teacher's performance various parameters are set like feedback of students (which carries more importance), API Score, University results, assignments, Peer feedback and HOD's remarks. Regarding feedback, meeting is held at every semester where principal personally communicates the feedback of students to the concerned faculty. Teaching plans are prepared by the teachers in advance before the beginning of each semester so that the syllabus is completed within time. Once the concerned subject teacher completes the syllabus, syllabus completion report is filled and a file for the same is maintained. In order to evaluate the performance of the faculties various parameters mentioned above are used. College has also adopted self appraisal method. The performance appraisal report of each faculty is submitted to the Principal. Principal reviews the same and then forwards it to the management and the decisions are further taken jointly about the appraisal of the faculty. Internal Evaluation of Students: Students are continuously evaluated at the institute level. Attendance of students is strictly considered, defaulters list is displayed on the notice board in every semester. From 2018 as per new paper pattern, Internal 20 Marks assessment of U.G. students Internal 50 Marks assessment of P.G. students is done. It is done through Tests, Tutorials, Group Discussions, Assignments, Longish Term Paper, Seminars, Book Review, Article Review, Case Study along with his/her regularity, punctuality, practical skills, and oral skills.. Feedback is given to the students personally to improve their performance for Final examination. Marks are then sent to the University. In order to deal with the Examination

related grievances at Institution level, Principal has constituted Examination Grievance Committee.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution ensures effective curriculum delivery through a well planned and documented process. At the Beginning of every Academic Year a meeting of the Principal with the teaching Staff is held in which review of adherence to preceding year's Academic Calendar takes place. Problems faced while complying with academic calendar in the preceding year are also discussed in the meeting and solution for the same is sought and it is assured that same issues are not faced in subsequent academic years. In the same meeting academic planning for the next year is also done wherein all the examination, CIE, events and programs which the college is planning to conduct or organize are decided. Tentative dates and months in which it is to be conducted or organized are also decided. Dates of University examinations are usually declared a month prior to examination. Accordingly, the Examination committee prepares the schedule of work according to the University examination Schedule. In order to deal with the Examination related grievances at Institution level, Principal has constituted Examination Grievance Committee. In the beginning of the academic year students are informed about existence of Examination Grievances Committee. It is responsibility of Examination Grievance Committee to inform students about rules and regulations and method of conducting examination. Committee conducts its regular meeting 15 days before the schedule of examination. Academic calendar is prepared before the commencement of each academic year and strictly adhered to. • **Library:** In case of the Library, a separate register is maintained for the visitors. Students and teachers are required to register their names before entering the Library. A separate register is maintained for the issuing and returning of books. A student/teacher can get a book from the library for research work on making a special request to the librarian. Such separate register is maintained in the Library. A Library Advisory Committee has been formed for the proper maintenance and updation of the library. Every year a budget is fixed to update the library. Various reputed national and international journals are subscribed by the institute for student's welfare. Online data base is also available in the library. Our Library is well equipped with the updated textbooks, reference books, books by internationally recognized authors and popular Marathi well known recognized novels and literature also. The Library timing is from 10:00 am to 05:30 pm. During the period of examination, library opens at 09:00 am and closes at 07:00pm. • **Sports:** Our institute has a separate Sports Committee. Dr. Vikas Bhatnagar is in charge of Sports activities. Interested students in various sports are welcomed to enjoy and participate in the competitions. Presently, the institute has a cricket team, volleyball, football, basketball team etc...Separate budget is fixed per year for sports. Many of the students have participated at the University, national and international level. Every year we felicitate such students in various programmes to encourage other students. The Institute is keen to increase the participation of the students in sports. • **Computer and Classrooms:** The Institute is concerned about the updation of computers and up to date classrooms. For the maintenance of computer, a separate employee is appointed. Before the commencement of each semester, all the classrooms are checked and necessary repairing of benches, fans, any ICT based facilities is done. • **Cleaning the campus:** For maintenance and cleaning purposes, housekeeping contract is given to the Universal Security Services. Separate budget is always fixed every year for the maintenance of the system.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

NAAC 2019 - 5.3.2 Shankarrao Chavan Law College runs in democratic pattern hence all stakeholders are provided equal opportunities to participate in the process of development of College. In College students are main stake holders and their opinion participation matters a lot for progress of the college.

Various committees bodies are available in the college where student's representation is sought. College Development committee is important statutory committee of the college where students are nominated by the principal for their representation. All policy decisions related to College are taken in the College Development Committee. Apart from that, College have active students Council according to the norms of Savitribai Phule Pune University. Student Council have representations from all classes of all courses, girls representation, students from SC, ST other categories, students who have done

extraordinary performances in sports, cultural NSS activities. Details of duly nominated student council are sent to Savitribai Phule Pune University. CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

PRACTICES OF PARTICIPATIVE MANAGEMENT WITH DECENTRALIZATION The practices related to the participative management are implemented at strategic, functional and operational level. At strategic level, the policies are framed with respect to the admission procedure, examination (internal external) conduct, discipline, grievance redressal mechanism and library services. The functional aspect is implemented through knowledge sharing among the faculties upon diverse subjects of academic interests. Faculties share the information regarding participation in various state and national level seminars and conferences and have participated in the same. At operational level, in order to achieve the smooth functioning of all the activities, the Principal along with the faculties and non teaching staff coordinate with all the concerned regulating authorities like the Bar Council of India, the University Grants Commission, the Government of Maharashtra, Savitribai Phule Pune University, Pune and have implemented their rules and advisories framed regularly. At the same time, the Institute provides delegation of authority and operational autonomy to all the stakeholders and functionaries to work towards effective and efficient decentralization. The Management authorities delegate all the academic and operational decisions based on policy to the College Development Committee which is encouraged and steered by the Management to fulfill the vision and mission of the Institute. The Principal, a significant link between the Management and the Faculty, acts a nodal point for facilitating decentralization through participative ways. The Principal formulates common working procedures with the approval of the concerned management authorities and entrusts the implementation thereof to the respective faculties. The faculties are given representation in the College Development Committee. Each faculty is entrusted with individual charge of various academic, cocurricular and extracurricular activities which are conducted throughout the year through various Departments and Cells. They are given operational autonomy and freedom of decisionmaking with respect to their departments. The College has the Centre for Advanced Research Training, NSS, Debate Society, Elocution Cell, Moot Court Department, Cultural Department, and Placement Cell. The concerned faculty Incharge looks after functioning and development of these units. Apart from these departments and Cells, there are various statutory committees in the College like the AntiRagging Committee, Internal Complaints Committee and nonstatutory committees like the Grievance Redressal, Attendance Committee. These committees represent autonomous units within the institutional structure catering the day to day needs of the administration as well as providing solutions and recommendations for certain contingent matters. Two to three faculties look after the overall functioning and management of these committees along with participation from nonteaching members. The nonteaching staff is entrusted with autonomous decision making, under the guidance and supervision of the Principal with respect to the daily needs of administration. The most important stakeholder, i.e. the students are empowered to play an active role through volunteering and management of various co curricular extra curricular activities like moot court competitions , national level seminar and legal aid camps. The views and suggestions of the parents are also taken into consideration by arrangement of Parents -Teacher meeting by respective class teachers every academic year.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	<p>The college, being permanently affiliated to the Savitribai Phule University, is bound to follow the Curriculum developed by the University. The college takes due care that all the subjects covered under the Curriculum are allotted to expert inhouse visiting faculties and the syllabus is completed within due time. The respective faculties submit their teaching plan in advance according to which the syllabus is to be completed and after completion, the syllabus completion form is also submitted. Guest lectures and various one day seminars and workshops are arranged by the respective faculties to inculcate practical perspectives of the theory subjects covered under the Curriculum.</p>
Teaching and Learning	<p>The teaching in the college takes place in both traditional nontraditional ways. The faculties teach their respective subjects by using traditional methods and at the same time, they use ICT tools to make the learning more interesting and inclusive. The ICT techniques such as power point presentations and video lectures make the learning process innovative interesting. In order to bridge the gap between theoretical teaching and practical learning, field visits to courts, prisons etc are arranged. The students are encouraged to do internships in various law firms and corporate houses to learn litigation and nonlitigation aspects of the theory subjects.</p>
Examination and Evaluation	<p>The college is the centre for University examinations conducted for the regular law courses. The college conducts all the examinations with due diligence. Apart from the regular external examination, the college conducts regular internal assessment of the students throughout the year. For the purpose of internal assessment, college has formulated internal assessment policy which defines the</p>

areas of internal assessment, the activities to be conducted for internal assessment and the criteria and parameters of evaluation. The activities for internal evaluation process include report writing of speeches of Expert Guest speakers, field visits, etc. The college has developed an elaborate system of record maintenance of this evaluation.

Research and Development

Being a professional law college, the primary focus of the college is to promote research activities and develop research skills of faculties and students. The college has a centre for research which looks after the research publications at national international level, the research projects to be undertaken by students and faculties and econtent development. Faculties are inspired to participate in various international, national state level conferences and seminars and to present their research work. Students are allotted research projects and promoted at all levels to participate in various research competitions like Avishkar, MUN, etc. The college executes Memorandum of Association with various stakeholders in the field of research to provide research assistance in beneficent collaborative ways.

Library, ICT and Physical Infrastructure / Instrumentation

The college has its own library which is equipped with all traditional eresources of knowledge. The library contains all types of books ranging from curriculum oriented text books, reference books and fictions as well. The eresources like Manupatra, Westlaw etc are available to the faculties and students at the ease of access. The legal databases like SCC Online, AIR online are also made available by regular subscriptions. All the classrooms are ICT equipped to facilitate the ICT based teachinglearning process. Moot Court hall, well equipped computer lab, seminar hall are infrastructural facilities available in the college in well maintained status.

Human Resource Management

The college management takes due care that all the posts of teaching and non teaching staff are duly filled as per the requisite norms of the Government. Accordingly, the principal, faculties and non teaching staff is appointed in

the college. The Principal, a significant link between the Management and the Faculty, acts a nodal point for facilitating decentralization through participative ways. Apart from teaching, each faculty is entrusted with individual charge of various academic, cocurricular and extracurricular activities conducted throughout the year through various Departments and Cells. They are given operational autonomy and freedom of decisionmaking. The nonteaching staff is entrusted with autonomous decision making, under the guidance and supervision of the Principal with respect to the daily needs of administration. These decentralized operational strategies enable effective efficient human resource management.

Industry Interaction / Collaboration

Law being a skill based education, the college endeavors to interact with prominent stakeholders in the legal industry for skill development of students. All the departments and Cell execute Memorandum of Understanding with Litigation experts, Non litigation corporate firms, Legal NGOs, Government Authorities like Courts and Administrative mechanisms to seek their assistance in enhancing the practical skills of the students. The industry collaborations are utilized to inculcate field based learning skills in the students. Expert guidance is provided to students through these interactions. Students are deployed in various firms and government agencies through these collaborations for short and long term internships.

Admission of Students

The college is approved by the Bar Council of India and the Government of Maharashtra. It follows all the guidelines issued by these two approving authorities with respect to the process of admission. The admission is purely merit based. The college admits the students as per the sanctioned intake capacity. In order to facilitate the process of admission, the College has constituted an Admission committee, each for three year five year law course. This admission committee conducts the whole process of admission along with the administrative staff and acts as a grievance redressal point for the

students for the purpose of admission.

Initiatives taken by the institution to make the campus ecofriendly (at least five) 1. College observes "No vehicle Day" by the students and the staff every year. No one is allowed to bring their own vehicle in the campus. They use public transport to reach the college. 2. Dustbins are available on each floor in the campus for disposing the waste material. Garbage is segregated in wet and dry dustbins centrally at the campus. Every day Pune Municipal Corporation team comes and collects the waste material from the dustbins. 3. College premise is nonsmoking campus. 4. College prohibits use of plastics in the premises. 5. The College makes conscious efforts to make the campus environment friendly. The vast campus of the institute has substantial number of trees and varieties of species. No tree is cut or destroyed without the permission of Municipal Corporation. 6. Through NSS Unit College students have undertaken various projects such as cleanliness drive, tree plantation etc. 7. Minimum installation of AC units in the campus. Lifts are used only go to upstairs. 8. Institute has Rain Water Harvesting system for reuse of Rain water.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Centre For Advanced Legal Research and Training With the intention to crossing the barriers of traditional teaching, learning methodology and specifically to bridge the gap between theory and practice the Centre for Advanced Legal Research and Training established in the year 2016. Through this register entity we conduct various certificate courses for enhancing basic knowledge and skills of effective advocacy. Objectives: a) Centre provides the practical training which will enable the budding lawyers to successfully enter hold and sustain themselves in this noble profession of Law. b) Centre intend to provide opportunities for overall development of the students and make them acquainted with the skills and practices which are required in this profession like research skills, oratory, communication skills, English grammar, body language, mannerism, core values etc. Issues: Law being dynamic profession, getting entry into it and sustain in the profession is difficult. It requires more practical exposure, different teaching pedagogies, practical training, determination and to inculcate disciplinary habits amongst the students. Students cannot be trained in all these areas only thorough syllabus of the University. Considering these needs college established the Centre for Advanced Legal Research and Training. Initially it was very difficult to convince students to undergo these types of training as it is not included in the syllabus given by the University. However during actual workshop students realized need of such training. Utility of the practice: Law is interdisciplinary science and through this centre interdisciplinary studies can be undertaken and promoted. This helps students to enhance their career opportunities. Through this center we have tieups with many NGO's, Law Firms advocates. We place our students with them to gain practical knowledge. Many eminent guests, renowned advocates, Judges are invited for training students in different aspects of Law. Institution charges nominal fees for these modules. If any student is unable to pay nominal fees also, with the permission of Principal he/she can be admitted for the module after completing required formalities. Research activities are promoted and inculcated among students. This is one of the best platforms provided to the students by the Institution. Successes of the Practice In second year (201819) there are 23 students for 1st

Module of Personality Development Soft skills, 31 students for 2nd Module i.e. Legal research Methodology and 17 students for 3rd Module Litigation Practical Procedure, 13 students for Judicial Examination Foundation Course and 42 students for Crime Investigation and Trial took the admission. They underwent training and also got opportunities for doing internships at good places.

Problems Encountered Resources required Initially we found it difficult to arrange three days workshops during their regular academic studies. This training cannot be conducted in regular lecture hours. However due to interest enthusiasm shown by students we could arrange it during winter breaks, study leaves and holidays also. We expect more students to participate in this program. And to make them aware about this training, we conduct introductory lectures. To train students in all these areas compact study material is not available as scope of each subject is vast. Many times we are dependent on resource persons for teaching guidance. Many times subjects like Research Methodology, Some Law subjects are vast and difficulty level is more for undergraduate students compared to post graduate students.

Practice 2
 Constitution of Family Counseling Center Lawyers are social engineers and as an institute creating lawyers, in an attempt to discharge social responsibility College established the Family Counselling Centre under the guidance of Mr. V.v.V. Shahapurkar, Retired Principal Judge, Family Court, Pune in the year 201314. Objectives Law College has started this center as institute's social responsibility.

- To protect strengthen the family institute in the society.
- To provide expert guidance free of cost.
- To sensitize people about strengthening family institute.

Issues Unfortunately the percentage of divorce is increasing day by day. Through this center we provide counseling to couples who have landed into marital problems. Presently society has seen increasing rate of divorce especially in urban areas. Stress, lack of communication, social media, job related issues created so many problems between couples. All problems do not become reasons to take divorce. If proper and impartial counseling is provided in time before approaching to the court, couple can be prevented from taking divorce and further consequences of divorce. With this objective we have established Family Counseling Center in the year 20132014 headed by Shri. V. V. Shahapurkar, Retired Principal Judge, Family Court Pune. We try to resolve issues through counseling, however in spite of that if couple decided to go for divorce further help will be provided to them to reduce stress of their divorce process. Utility Our Law College senior students are trained and they help in counseling and other court related procedures. This training helps them to understand procedure of family court. We have many expertise in the panel of our center like Judges, advocates, doctors, and pshychtrists. Counseling is provided free of charge. Through this center we have organized many workshops on pre post marriage counseling, medical checkups, lectures related to sex education health issues for our students common people. Successes of the Practice In the year 201819 Center has provided counseling to almost 45 couples. Throughout the year Centre conducts many activities for students for sensitizing them about gender related issues, family issues etc. Noteworthy achievement of the Centre: The Family Counselling Centre has been recognized as official mediator by the High court of Bombay. Being the institute the centre is the only institute who got recognition as an official mediator in the Pune city.

Marathwada Mitra Mandal, Pune is a trust established through the inspiration of socially and educationally charged personalities, with motto 'Yethe Bahutanche Hit' (Welfare of Masses). With the object to edify value based legal education the trust started the Law College with five years law course in the year June, 2003 Three years Law course in June, 2004. Mission of the College is "Quality Legal Education for Masses" We determine that the education is purely the psyche of a society as it inflates up on one generation to the other. Qualitative and value based Legal Education is one of the distinctive feature of our Law College. Presently students from all over India which includes Rural, Urban Cosmopolitan students are studying in College. We are catering to different varieties of students. Students from vernacular medium due to less exposure are weak in language, communication skills, presentations hence we take some special efforts on their weak areas by arranging some guest lectures, personality development programs, remedial teaching to make their study of law easy comfortable. Students from urban cosmopolitan areas have different needs. They expect opportunities exposure in moot courts, research internships. To meet their requirements we have Center for advance Legal Research Training, Placement Cell. However all the facilities are available to all students. According to our Mission "Quality Legal Education for Masses" we are making an effort to provide quality value based Legal Education to all types of students by making conducive atmosphere in the college. Our Management Principal see to it that students are not deprived of education due to financial constraints and accommodation problems in Pune city. Every year many students are provided total fees exemption, fees concessions installments. At the end, if we look at the result, it is noteworthy to mention that alumni's of SCLC are doing extremely well in all fields. Many passed out students of this College are working in the capacity of Judge, JMFC, working in corporate sector and renowned law firms, practicing in Supreme Court High Courts. For overall development of all students following are our initiative which makes legal education in SCLC unique. • Experienced Qualified Faculty • Campus Placement • Induction Program • Internship with Judges, Reputed Legal firms, NGOs, Advocates Corporate Sectors etc. • Center for Advanced Legal Research Training • Family Counseling Center • Justice P.
